НЕ ПЕЧАТАЙТЕ ЭТОТ ЛИСТ!

Спасибо **Максу** за проделанную работу! Лично мне жаль, что вся игра на английском, но будем надеяться, что я одна такая необразованная.

Теперь рассказываю, что с этим всем делать:

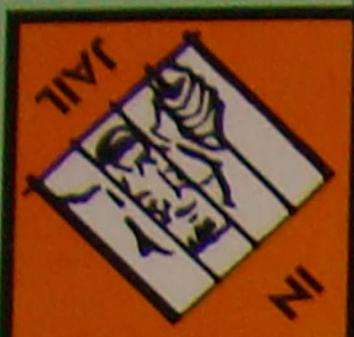

1. Поле надо напечатать и склеить по кускам. В идеале – наклеить на картон.
2. Карточка и рубашка от нее стоят рядом. Печатать с двух сторон листа даже не предлагаю. Почти никогда не совпадает – расход бумаги ужасный :(. Поэтому разрезайте лист с карточками на 4 части, сгибайте каждую пополам и склеивайте.
3. Деньги – печатайте сколько душе угодно ;). В коробке у **Макса** было: 1\$ - 44 шт.; 5\$ - 21 шт., 10\$ - 20 шт., 20\$ - 14 шт., 50\$ - 14 шт., 100\$ - 38 шт., 500\$ - 20 шт.
4. В игре были деревянные домики: 32 зеленых и 12 красных. **Макс**, разумеется, прислал только фотки и сказал, что домиков в игре меньше, чем нужно. Ну, я от своих щедрот добавила, сколько влезло на лист.
5. Правила на английском и на русском. Решайте сами, какие печатать.
6. Фишки берите какие хотите. Еще нужны два кубика.

Заходите на наш сайт <http://raspechatay-i-igray.narod.ru> почаще. Вдруг чего еще выложим :).

старавшаяся для всех
